NOTICE

The following notice of intent to construct, submitted in accordance with Utah Administrative Code Rule R307-401 and has been received for consideration by the Executive Secretary, Utah Air Quality Board:

Litton Guidance

Location: 2211 West North Temple, Salt Lake City, Utah 84116

Project Description: Litton Guidance and Control Systems manufactures guidance and control systems for aircraft. Litton is requesting approval to modify Air Approval Order DAQE-AN0397010-04 for the installation of two additional grit blasters, two plasma etch machines, and three non-flammable vapor degreaser. Litton is located in Salt Lake County and Salt Lake County is a Non-attainment area of the National Ambient Air Quality Standards (NAAQS) for PM10 and SO2, and is a Maintenance area for CO and Ozone. New Source Performance Standards (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP) and Maximum Available Control Technology (MACT) regulations do not apply to this source. Litton has an emission limit for the VOC and HAPs. The modification requested by Litton will not increase the VOC and HAPs emission limit. There will be no change in rolling 12-month total emissions from this modification.

*

The engineering evaluation has been completed and the project would not result in adverse air quality impacts. It is the intent of the Executive Secretary to approve the project.

The proposal and estimates of the effect on local air quality are available for public inspection and comments at the Division of Air Quality, Utah State Department of Environmental Quality, 1950 West 150 North, Salt Lake City, Utah 84114-4820. Written comments received by the Division, at the same address on or before January 6, 2005, will be considered in making the final decision on the approval/disapproval of the proposed construction.

If anyone so requests to the Executive Secretary in writing, within 15 days of publication of the Notice, a hearing will be held to explain the project and technical rationale for proposed action. A hearing will be scheduled as close as practicable to the proposed project location. Comments obtained during a hearing will be evaluated and considered by the Executive Secretary before making a final decision on the approval/disapproval of the project.

Date of Notice: December 7, 2004
